Delivered Via Legal Mail

Honorable and Respected
Judge Robert M. Levy
Eastern District Court of New York
225 Cadman Plaza East
Brooklyn, New York 11201

Dear Respected and Honorable Judge Levy , I hope you don't mind me referring to you as Judge Levy as suppose to Magistrate Judge, which I use on all formal submissions of requests however, due to the fact that I think so highly of you, I chose to call you Judge. I am sure one day your position shall be escalated and promoted to such judging by your professional way of handling my case and your reputation of being a fair Judge which proceeds you greatly as well.

I wish to thank you greatly, as Deborah Colson has advised me that the CJA Investigator request has been granted. Thank you very much for this, we are selecting the proper Immigration counsel to handle my immigration matter this week and will advise you shortly of the final decision on this matter as well.

Deborah, after our last meeting, which took place in MDC yesterday, advised that I shall file the motion in person on our schedule hearing on February 23 2015. I would like therefore, to request a second conference for the ruling to be made during my period of pre-indictment which time has been excluded until March 2 2015. I would like this request to be addressed in order for me to benefit of this time to maximize my chances of success especially given Mr. Lerer will be away for 3 weeks, I see unfair me having to suffer additional pre-trial trauma while his pre-judicial delay affects only me who is currently incarcerated.

May you please schedule this hearing and have it added on my Criminal Docket sheet, please.

Lastly, I am making another request for wearing my business attire on Feb 23 2015 as well as any conference scheduled post February 23 2015 until this case is closed.

I will make the same request officially on the records in court and submit this request for records as well.

Respectfully and Kindly submitted,

Happy Valentines day!

Per Judge Weinstein, facilities are not available to hold non- convicted detainees under conditions less restrictive and less punitive in nature than those in Federal Prisons. Gallo Supra at 334. The length of confinement cannot be ignored. Judge Weinstein concluded that those subjected to the << hardship of a lengthy>> pre-sentence detention under <, harsh conditions>> may be therefore be meritorious of departure stating : "We cannot measurably alter the conditions of pre-trial detention consistent with its limited purpose... but we can alter the << length of incarceration>> Gallo at 334
